**DISCUSS:  
WHAT IS A GLOBAL CITIZEN?**

# I AM A GLOBAL CITIZEN

---

We are all citizens, people who live in communities. You live in a town, in a county, in a province in Ireland, which is in Europe, which is on the Planet Earth. We are part of the community of the entire world.

---

We are all important. As a global citizen, it is important that we take care of our planet and take care of each other. When we come together, big things happen. The problems the world face become smaller.

---

Being a global citizen, is being curious about other parts of the world. Its about learning how people live across the world, what music they like, what food they like, the way the like to dress.

---

It's about opening your mind to new possibilities.
