

# Street Awareness Survey Activity

LESS TRAFFIC

As the dramatic reduction in traffic becomes our new temporary normal, lots of families are enjoying quiet streets to walk and cycle on with their children.

MORE WALKING  
& CYCLING

This time offers a unique opportunity to embrace our nation's new-found love of roaming in a pedestrian and cycle-friendly way.

Through this activity, you have the opportunity to look closely at your walking route within 5kms and assess how pedestrian friendly it is. Improved infrastructure (footpaths, cycle lanes) in our towns and cities help us to make better choices when it comes to sustainable travel.

**SEND US IN YOUR SURVEY  
TO BE IN WITH A CHANCE  
TO WIN SOME GOODIES!**

# Street Awareness Survey

Name:

Townland/Village:

County:

1. What is the speed limit?

2. Are there footpaths?

YES

NO

- a. Are they wide enough for two wheelchairs to pass?
- b. Are they dished for buggies and wheelchair use?
- c. Are there cars parked on them?
- d. Are there pedestrian crossings?
- e. If so, how many?

- a. How many cars pass you by during this walk?
- b. Is the road wide enough for two cars to pass comfortably?
- c. Are there blind corners?
- d. If so, how many?

3. Did you feel safe during your walk? If not, why not?

4. Would you cycle on this road? If not, why not?

5. Write down any suggestions that you have to improve the safety of this route for walking and cycling with your children?

Send your completed sheet to [travevents@eeu.antisce.org](mailto:travevents@eeu.antisce.org) or share on Facebook, Instagram and Twitter (@GreenSchoolsIre) using #StreetAware
