

Water Quiz Sheet –

Water Conservation Tips

The below video called 'Water Conservation Tips' lasts for 46 seconds and was developed by Irish Water. It shows how making small changes can make a big difference to saving water and protecting our water supplies.

GREEN-SCHOOLS
STAY HOME - WATER

Instructions:

Watch the clip and give yourself the quiz (see questions on page 2) or do it as a group at home or online with a school group. If you do it as a group, choose someone to read out the questions and use page 3 to write in your answers (an adult may be needed to write answers for younger participants).

Only go to page 4 when you are ready to correct the completed quiz answer sheet on page 3.

Questions:

1. Complete this sentence from the video, 'making _____ Can make a _____ _____ to _____ water'?
2. How much water can you save when you turn off the tap when brushing your teeth?
3. What is the missing word from this sentence?
'Showers use only _____ the amount of water needed for a bath'
4. What should you use in the sink when preparing vegetables?
5. What can the water, from rinsed vegetables collected in a basin, be used for?
6. What should you keep in the fridge?
7. Running the cold tap for a glass of water can waste how much water?

Answer Sheet:

Q	Answer
