

# Nature Scavenger Hunt

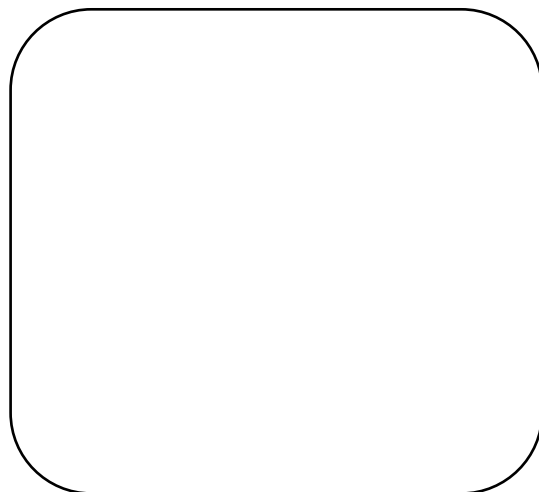

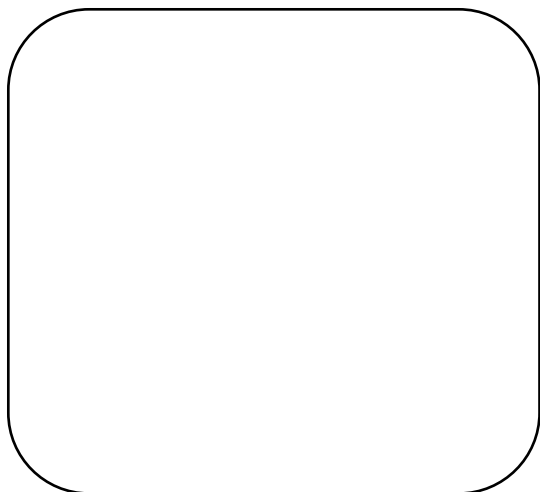

## Nature Treasures Checklist

- |  |   |
|--|---|
| <input type="checkbox"/> 3 different leaves.           | <input type="checkbox"/> A bird's nest  |
| Can you name what tree they came from?                 | <input type="checkbox"/> Fungus         |
| <input type="checkbox"/> 3 flowers. Can you name them? | <input type="checkbox"/> Buds           |
| <input type="checkbox"/> Moss                          | <input type="checkbox"/> A smooth stone |
| <input type="checkbox"/> Lichen                        | <input type="checkbox"/> An acorn       |
| <input type="checkbox"/> 2 insects                     | <input type="checkbox"/> A cobweb       |
| <input type="checkbox"/> 3 birds. Can you name them?   | <input type="checkbox"/> A rough stone  |

Now can you do a leaf rubbing and a bark rubbing in the boxes below?

Or you could even trace the leaf or draw one:

### Follow Up Activities

- Maybe you could choose one item you saw today and write three facts about it.
- Perhaps you could draw your own picture of one of the items. All the drawings could then be used as part of a big colourful class display.
- Maybe as part of junk art, you could make one of the items e.g. a nest, a worm, a rock etc.. out of recycled materials.

Enjoy☺
