'Seeds of change'; Drawing Idea

Wangari's motto : An idea as small as a seed but as tall as a tree that reaches for the sky must be planted in every child's heart.

Wangari challenges for us to state how we will protect nature and promote biodiversity? Her 'little thing' was planting trees, what will yours be?

Activity: Draw a seedling underground and as it reaches into the sky write your idea / word that inspires you to create change in your environment, like a seed no idea is too small...
