ECO-ANXIETY
Green-Schools Travel

Psychology and Climate Change.
Moving from Fear to Action

Catherine Russell
Green Schools Travel Officer
What is ECO-ANXIETY?

Eco-anxiety is the issue arising from worries about environmental events. It describes the fear of human induced climate change and anxieties surrounding the future of our planet.
Why am I feeling this?

- Greta Thunburg effect; ‘Your house is on fire’
- COP 26
- Fridays for Future protests
- Climate Knowledge
- Pressure of inheriting this world
- Perceived inaction of governments and world leaders
- Lack of urgency

You are not alone we’re all feeling concerned about the planet and its future
Aim

- TO CREATE A ‘TOOLBOX’ OF COPING MECHANISMS
- GIVE STUDENTS A SPACE TO DISCUSS AND EXPLORE THESE ISSUES WORLD CAFÉ STYLE
- MOVE FROM FEAR TO ACTION
Workshop #1 Love Your Planet

*World Café Style*...

- Work in groups of 4/5
- Determine time for this activity (1hr/ lesson)
- Organise the room so groups can sit around the table (or take it outside/ virtually)
- Give each table a ‘Love your planet’ worksheet (pre prepared and printed) and set of markers
- Welcome the group
- Start the discussion and encourage each group to write or illustrate **ONE** section *Love/worries/solutions*
- Allow the group 10-15 mins and then nominate one host to stay on the table and the rest to move on to the next table/subject
- Collect answers on a sheet/ flipchart / whiteboard/ miro board
‘Toolbox’ of Solutions

Different methods of dealing with anxieties and supporting your own health (mental and physical).

Positive stress; Write letters/ debate/ protest/ Create/ Educate

Weekly self care...

9 POSITIVE MENTAL HEALTH HABITS TO TRY AND MAINTAIN EACH WEEK

CONNECTEDNESS
Try and find some time during your week to connect with friends, colleagues or family members.

VALUES
Engage in activities that provide you with a sense of value and that are important to you.

ACHIEVEMENT
Engage in activities that provide you with both a sense of pleasure and achievement.

SELF CARE
Find activities that you can schedule into your week that provide you with a sense of self care.

TALK
Talk openly to close friends or family members about how you are feeling and what you might be thinking.

STAYING PRESENT
Use some mindfulness exercises to try and connect you to the present moment.

COPING SKILLS
Be proactive with your mental health. Learn, practise and refine some new skills that can help you cope with pressure or stress.

RELAXATION
Schedule time into your week where you can switch off and relax your mind and body.

PHYSICAL ACTIVITY
Where possible try and stay active. Exercise is a great tool for boosting mood and reducing stress and anxiety.

• develop a willingness to participate in the creation and maintenance of healthy communities and environments.
Campaign/ Workshop #2

Committee can choose one of the following areas to work on.

This will be your project to deliver for the travel theme. Your travel officer can help explore ideas with you.

- Art Exhibition; Environmental actions through community art. Workshop/ project-based design and implemention eg Street Art expressing anxiety/emotion of climate change.

- Decide on a theme and whether you would like to work as one group or smaller pods. Revisit the ‘Love your planet’ workshop for inspiration.

- Use Menti.com to create a word cloud for reference

- Explore different techniques eg recycled materials/paste up. Create an image to feed into https://rasterbator.net/ and create some art that is ready to paste up on walls or billboard to communicate your message (ensure permission is given).
Linking your campaign with ‘The Seven Steps’

- Form a committee; Pod/ class/ group
- Environmental Review; Love Your Planet #Workshop1
- Action Plan; Planning the campaign using creativity for change
- Monitoring and evaluation; Record the process
- Curriculum Work; Link with Junior/ Senior Cycle
- Informing and Involving; Media/ social media/community
- Green Code
• French guerilla artist JR and the inside out project. Takes a photo booth around to public events. Takes pictures, generates an image and pastes them up on surfaces.
