

Green-Schools Biodiversity Week 2022

Welcome to Biodiversity Week!

#BioWeek2022 @GreenSchoolsIre

Today our theme is: **“Biodiversity in Ireland”**

Here are a few resources to explore your school grounds:

Audience	Activity	Files
Junior Primary	Go on a Nature Walk Use these spotter sheets to help focus attention. <i>How many living things can students spot, in and around the school grounds?</i>	Spotter sheet 1 Spotter sheet 2
Senior Primary	Go on a Nature Walk Use these spotter sheets to help focus attention. <i>How many living things can students spot, in and around the school grounds?</i>	Spotter sheet 1 Spotter sheet 2
Secondary School	Flower Spotting <ul style="list-style-type: none">- Walk your school campus, and photograph flowers that are currently in bloom – especially the ‘weeds’ or wild ones at the verges.- Use Zoe Devlin’s website www.wildflowersofireland.net to identify as many species as possible.- Put your flowers into categories of ‘positively identified’ ‘probably identified’ and ‘unidentified’- Do a count of ‘total species’ – and assess if you have a high diversity (>10) of food options for insects, or not.- Consider creating a pollinator plan for your school using the link provided.	Wildflower Website School Pollinator Plan

Good luck exploring!
