

# Agree/Disagree

## The pros and cons of walking

<b>Aim</b>	Encourage pupils to debate the pros and cons of walking to school		
<b>Age Group</b>	8 years +	<b>Time</b>	15-20 minutes
<b>Learning Objectives</b>	<ul style="list-style-type: none"><li>• Increased awareness of issues being discussed</li><li>• Increased ability to communicate effectively</li></ul>		
<b>Activity</b>	<p>On opposite ends of the room stick up an Agree sign and a Disagree sign. These can be made using left over paper/card.</p> <p>Explain to the group that a series of statements will be read out. Each person should then move to the sign/wall which best represents their view. Pupils are allowed to stay in the middle if they are undecided.</p> <p>Members from each side are then asked to explain why they Agreed or Disagreed with the statement</p> <p>The pupils in the middle are then given a choice to move to the Agree/Disagree side based on the points put forward by opposing groups.</p>		

### Activity Statements

- 1. Walking Keeps you fit :** *Walking three times a week for 30mins or more can really improve your overall cardio respiratory fitness and could help you keep fit*
