Plastic Soup Activity Sheet

GLOBAL GOALS
BOOK CLUB

- In the first column, List all the items of litter pictured in the book, if you can think of any more that may end up in our oceans please feel free to add them in too!
- In the second column, write down one way these items may have ended up in the sea.
- In the third column, write down an alternative to using that item. Could we source this product more sustainably? Do we really need it? How can it be repurposed?

Item	Source of Litter	Alternative
Plastic Bottle 	Littered near a river	Reusable bottle
