

# School Engine Idling Survey

## Clean Air Week 2023

<b>School Name &amp; County</b>		
<b>Survey Location</b> (Example; School Grounds)		
<b>Date &amp; Time</b>		
<b>Weather</b> (Dry/Wet/Sunny)		

A vehicle with an engine running for 10 seconds or more is 'Idling'.

- A team working in pairs doing the survey would be great! One to time and one to record!
- **IMPORTANT:** Too tricky to time EVERY vehicle? Do the 'Essential' survey and time a few if you can!
- If the vehicles are queuing up with engines running for more than 10 seconds – tick YES for idling!

**Essential !! Try to get some of the idling times !**

N u m b e r	Vehicle Car Bus Jeep Other	Idling <input type="checkbox"/> <input type="checkbox"/>	Time the idler (Mins) (Driver arrives - wait 10 seconds, then record time) <b>e.g. 8.52</b>	Time the idler (when they switched off Or Drove off) <b>e.g. 8.58</b>	Vehicle
					Total time Idling <b>e.g. 6 mins</b>
