

# Global Goals 5: Gender Equality

Activity Sheet

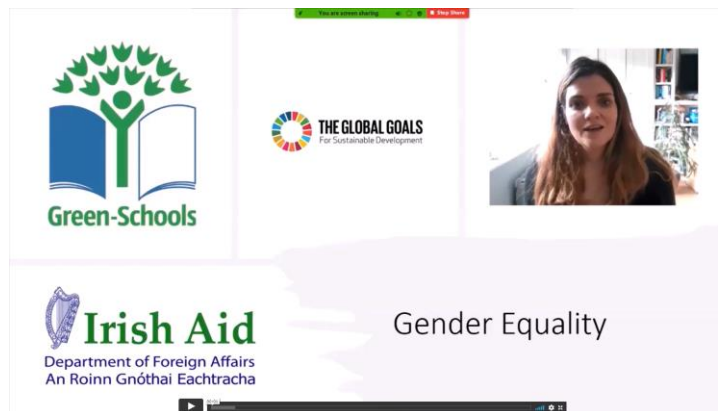

## Instructions:

Gender Equality is Global Goal 5. The main aim is to empower all women and girls. Women and girls make up half of the world's population therefore half of its potential. Women need access to jobs and equal pay. Goal 5 aims to stop all violence against women and girls around the world. It aims to empower women to have more leadership roles in politics, business and all parts of society. Don't forget assemble another loop for your chain!

## Activities:

### [Watch: Gender Equality Definition and Gender Pay Gap explained](#)

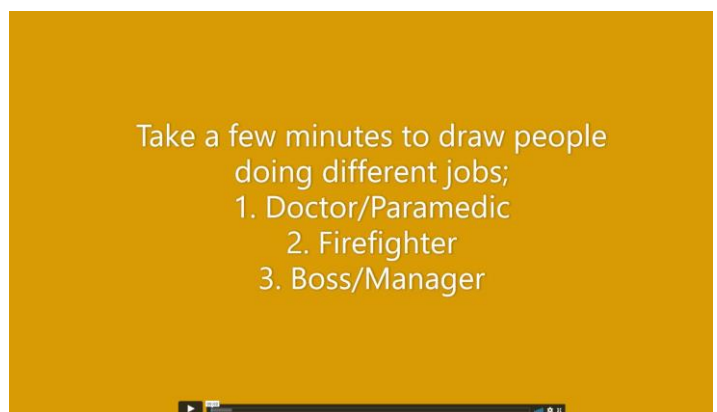

Watch this short video, it explains gender equality and the gender pay gap.

### [Watch: Gender Stereotyping](#)

You can proceed to this activity after watching the video above.

You will need paper or the activity sheet (found on the next page), pencil, and colours. It is important to pause the video when Joanne tells you and then watch the end when you have done your drawing.
