

## Global Citizenship Food and Biodiversity Awareness Survey – Individual Survey

The Class Teacher should photocopy this page, and then aid/ask each student to complete the survey below.

Please circle your answers

Question	Your Answers	
<b>1. Have you grown food before?</b>	Yes	No
<b>2. Have you eaten food that you have grown?</b>	Yes	No
<b>3. Have you enjoyed cooking food that you have grown?</b>	Yes	No
<b>4. Which of these fruits and vegetables can grow outdoors in Ireland?</b> Please circle all answers that you think are correct.	Potatoes Strawberries Carrots Lettuce Peas None of These	
<b>5. Have you ever read all of the ingredients on a packet of biscuits?</b>	Yes	No
<b>6. Please name <u>two</u> ways that we need biodiversity to help us grow our food</b>	1.	2.
<b>7. Please name <u>two</u> ways that our food choices could harm biodiversity</b>	1.	2.

## Global Citizenship Food and Biodiversity Awareness Survey – Whole Class Survey

The Class Teacher should compile the results from the Individual Survey, from each participant in their class (from the page above), onto this page and **return this page to the Green-Schools Coordinator.**

Class Name:	Totals	
<b>Total class or group size that took the survey (this should be results from whole class combined)</b>		
<b>1. How many people have grown their own food before?</b>		
<b>2. How many people have eaten food that they have grown?</b>		
<b>3. How many people have enjoyed cooking food that they have grown?</b>		
<b>4. 4a. How many people chose the following answers?</b>	Potatoes	
	Strawberries	
	Carrots	
	Lettuce	
	Peas	
	None of These	
<b>4b. How many people selected <u>all five</u> of the fruit and veg options?</b>		
<b>5. How many people have read all of the ingredients in a packet of biscuits?</b>		
<b>6. How many people can name <u>two</u> ways that we need biodiversity to help us grow our food?</b>		
<b>7. How many people can name <u>two</u> ways that our food choices could harm biodiversity?</b>

## Awareness Survey – School Results

The GS Coordinator should compile all Whole Class Survey results here, and use this to populate the Application Form, when applying for the Green-Flag

<b>Date:</b>	<b>Number</b>	<b>Percentage</b>
<b>Total number of people who took the survey (this should be results from whole school combined)</b>		100%
<b>1. How many people have grown their own food before?</b>		
<b>2. How many people have eaten food that they have grown?</b>		
<b>3. How many people have enjoyed cooking food that they have grown?</b>		
<b>4. 4a What number of people picked the following answers?</b>	<b>Potatoes</b>	
	<b>Strawberries</b>	
	<b>Carrots</b>	
	<b>Lettuce</b>	
	<b>Peas</b>	
	<b>None of These</b>	
<b>4b. How many people selected all five of the fruit and veg options?</b>		
<b>5. How many people have read all of the ingredients in a packet of biscuits?</b>		
<b>6. How many people can name <u>two</u> ways that we need biodiversity to help us grow our food?</b>		
<b>7. How many people can name <u>two</u> ways that our food choices could harm biodiversity?</b>
