

Environmental Inventors

Green-Schools Travel

Can you invent a mode of transport that is environmentally friendly? Think of how you would power it without fossil fuels? Your invention can be sensible or fun – whatever you like! The only rule is that it cannot be powered by fossil fuels.

For example, I invented a mermaid powered jet-ski.....wonderful isn't it!

Activity

Draw a picture of your invention and label it to explain what it is made from and how it will work.

My invention is _____

My invention will help the environment because.....
