

Hidden Places

Stepping through History in County.....

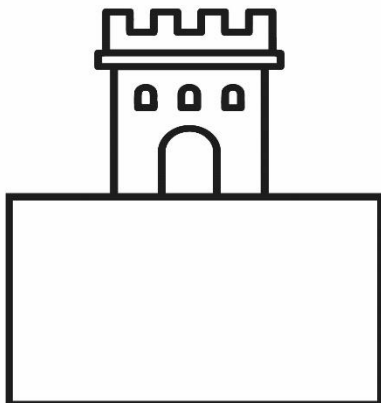

**GREEN-SCHOOLS
STAY HOME**

How well do you know your 2-5km radius zone? To celebrate Walk to School Week 2020 we are asking students and families to take a walk into the great outdoors and discover what their 2-5km has to offer. This is a unique time in our lives to fully explore and quietly observe our natural surroundings. For inspiration watch Monday's video, where Green-Schools Travel Officer Rebecca explores (and gets a little lost in) her 2km zone in the Fingal area of Howth. Off the beaten track she discovered a wealth of historical sites and found quiet time in nature. Bring along this activity sheet to document your own observations.

Are there any National Heritage Sites in your zone? (Castles, forts, tomb passage)

What are the sounds? (Footfall, birdsong, wind, laughing)

What was your Hidden Place like to get to? Were there other walkers, cyclists, was it easy to cross the road, did you feel relaxed?

Did you enjoy the walk in your zone? Was it more relaxing than during school time? When schools start again, what new changes would you like to see remain when walking to school?
