

Water Quiz Sheet – Our Water From Cloud to Glass

GREEN-SCHOOLS
STAY HOME - WATER

'Our Water From Cloud to Glass' is a short video developed in 2017 by Green-Schools to highlight the long journey water takes to get from a lake or river to your glass! (Recommended for Junior Primary students)

Our Water
From Cloud
To Glass

Instructions:

Watch the video (maybe twice) and give yourself the quiz or do it as a group at home or online with a school group.

Only go to page 4 when you're ready to correct the quiz answer sheet on page 3.

Little ones may need an adult's help (secretary) to read and write down answers for them.

Questions

1. What heats the water and causes water to rise into the air?
2. What rises to make clouds?
3. Can you name three things that were on the small beach at the start of the video?
4. Can you name 2 things that the video says need rain?
5. What colour was the barn?
6. What 2 things does the video say water feeds?
7. What 2 funny things were in the ground?
8. What was in the sky over the house in the video?
9. What does the video say happens to our water before it gets to our taps?
10. What does the water go through when it leaves the water treatment plant?

Answer Sheet:

Q 1.	
Q 2.	
Q 3.	
Q 4.	
Q 5.	
Q 6.	
Q 7.	
Q 8.	
Q 9.
