

WOW Day Templates

Green-Schools Travel

Walk On Wednesdays or Walk on Weekdays (WOW) are where everyone tries to walk or Park & Stride to school instead of taking the car. The key to the success of any WOW day is awareness raising and making sure everyone knows about it. This template set, aims to help you spread the word in your school.

Committee WOW badges

Four badge templates are provided to help GS Committees raise awareness about their WOW day.

WOW Posters Templates

Hold an art competition with your school to raise awareness about your WOW day. We have four templates in this set but feel free to create your own 'WOW' posters.

You could also add in your own slogans such as '*cut carbon emissions*' or '*Help your heart*'. Think about why you are doing the WOW and create slogans around that.

WOW Tag Templates for Committees

Two templates have been provided, the first can be cut out for your noticeboard with the date of your event or a slogan/catchphrase. The smaller sets can be cut out and placed in key locations where students will see them (with permission from your teacher).

Create your own WOW Badges

An Taisce

A 'WOW' badge is a great way to raise awareness about your upcoming WOW!

- Print out this template and decorate
- Glue it to a piece of card using Pritt Stick and cut out each badge
- Attach a safety pin using sticky tape or pin it through your artwork to create your badge.

Idea – You could add in some slogans to match with the term 'walk once a week' for example '*Cut your Carbon Emissions*' or '*Help your Heart*'.
