**AS A CLASS THINK OF 5
THINGS YOU CAN DO THIS
RECYCLING DAY TO REDUCE
WASTE IN YOUR CLASSROOM !**

Ideas to reduce your waste ...

1. Turn old jars into storage containers.
2. Use plastic bottles as planters.
3. Make paper mache bowls out of old newspapers.
4. Create art out of your old bottle caps and aluminum cans.
5. Use old clothes to make rags for cleaning.
6. Use egg cartons to start seedlings.
7. Make a bird feeder out of a plastic bottle.
8. Use glass bottles as vases for flowers.
9. Create a compost bin for food scraps and yard waste.
10. Use old magazines to make collages or decoupage projects.
