Make a Habitat Pile

Take one simple action to try to attract nature to your grounds this week.
Lots of wildlife enjoys messy, wild spaces. We tend to keep our gardens, schools and parks neat and tidy so why not create a simple messy habitat in a corner of your grounds.

A habitat pile can be made from leaves, branches, logs or other nature materials you find lying around.
Make sure you pick a spot that is a quiet and will be left undisturbed if possible.
Get ideas for getting started here.

Go on a Nature Walk

One of the best ways to learn about Biodiversity is to spend time outside! This week take time to go on a nature walk. It can be around your school grounds, around your local area or to a local park, woodlands etc.
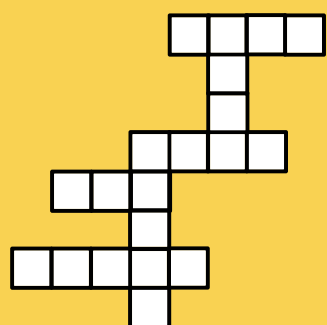

Try to notice the natural sights, smells and sounds you find as you go. Bring our May Spotter Sheet with you and see do you find anything on your travels! Spotter sheet is available in English or As Gaeilge.

Cuardach Focal

Breathnaigh ar na Cuardach Focail faoin gcomhshaol atá againn! Tá rogha ann a díríonn ar éanaigh, feithidí, plandaí agus níos mó. Tá neart focail nua bithéagsúlachta chun a fhoghalim!

Make an origami Bee

Feeling creative? Have a go at making an origami bee! Follow along with Alison in this video and learn how to make this a bee with paper!

You will need:
A piece of paper
A ruler
A pencil
A Scissors
A yellow and a black marker

DRAW WITH ROB

Follow along with Rob and learn how to draw a brilliant picture of a Frog! All you need is paper, a pencil, some colours and a rubber.

You can find our "Draw Along Videos" back on the BioWeek event page.

TARRAING TAOBH LINN.

Tarraing taobh linn. Leanfaigí ár stiúr agus foghlaim chonas phictiúr deasa do frog a tharraingt!

You can find our "Draw Along Videos" back on the BioWeek event page.

Share your actions and photos with us on Facebook, Instagram and Twitter by tagging @GreenSchoolsIre using #BiodiversityWeek.
