

Marine Litter Awareness Survey

Tallying sheet for Green-Schools Coordinators

School name: _____

YEAR 1 - Date survey completed: _____

YEAR 2 - Date survey completed: _____

Use this sheet to work out the percentage of correct answers for your Year 1 and Year 2 Marine Litter Awareness Surveys. You will be asked to input the percentage of students who answered correctly, on your Green Flag online application form, when you apply to renew the flag.

Question	No. of correct surveys	Total no. of students surveyed	Percentage of correct answers
Q1. Have you ever heard about litter in the ocean?	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %
Q2. List 3* ways that litter might end up in the sea:	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %
Q3. List 3 reasons why it's bad to have litter in the sea:	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %
Q4. List 3 ways that we can stop litter from ending up in the sea:	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %
Q5: List 3 ways that climate change affects the ocean?	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %
Q6: What does the word "marine" mean?	Year 1:	Year 1:	Year 1: %
	Year 2:	Year 2:	Year 2: %

*Where a question asks the student to list three answers, a correct mark should only be awarded if the student can provide at least **three** correct answers. You are welcome to note separately if, for example, 90% of students could provide two correct answers but only 10% could provide three.
