

# Global Goal 17: Partnerships for the Goals

Welcome to Global Goals Week! We can't wait to meet you all each day from 9.30am - 10.30am GMT.

Below is a brief idea of what we will be covering throughout the week.

**Day 1** Goal 15: Life on Land

**Day 2** Goal 5: Gender Equality & No Poverty

**Day 3** Goal 4: Quality Education

**Day 4** Goal 2 & 13: Zero Hunger & Climate Action

**Day 5** Connection Day - Guided small group discussions, focussing on biodiversity, culture and hobbies

**Please share your work with us! We'd love to see the ideas your students come up with. Email your creations to Siobhan at [shughes@eeu.antisce.org](mailto:shughes@eeu.antisce.org)!**

# Global Goal 17: Partnerships for the Goals

**Strengthen the means of implementation and revitalize the global partnership for sustainable development.**

The Global Goals can only be met if we work together. International investments and support is needed to ensure innovative technological development, fair trade and market access, especially for developing countries. To build a better world, we need to be supportive, empathetic, inventive, passionate, and above all, cooperative.

Danson told us that Partnerships for the Goals is about a;

# Global Goal 17: Partnerships for the Goals

Danson asked us: "What problems could we solve better if we worked together?"

Here are our ideas! Each answer is linked to the Global Goals to show how teamwork can help make the world better. Can you find your idea? See what we can achieve when we learn, share and work together.

**"What is one problem in the world we could solve better together than alone?"**

# Our Learning, Our Voices, Our Global Goals

During Global Goals Week, we learned from our friends around the world. We discovered new ideas about education, equality, food, teamwork and hope. We have connected our learning to the Global Goals to show how our ideas link to real world challenges. Our learning shows that even though we live in different countries, we can learn from each other and work together to make the world better.

## Global Goal 4: Quality Education

- "Palestine taught me that education can happen anywhere & everywhere even on the street"
- "Education is the most important goal that encompasses all the other goals"
- "Palestine taught me that we should fight for our education"
- "Palestine taught us to keep fighting for our education even if it gets tough"

## Global Goal 2: Zero Hunger

- "How South Africa work hard for their agriculture and stop zero hunger"
- "In South Africa, schools using their ground to try to combat hunger"
- "South Africa and its agricultural systems"
- "South Africa taught us to never waste food"
- "Agriglam in south africa"

## Global Goals 1 & 5: No Poverty and Gender Equality

- "Gender equality"
- "No poverty"

## Global Goals 16 & 17: Peace, Justice and Partnerships

- "Palestine taught us that we are grateful for peace in our country and think of those who do not"
- "I learnt that every country is united and working hard to achieve the SDGs"
- "Every country present here is an inspiration to everyone."
- "South Africa's initiatives share something common with Kenya. UAE was good"

## Global Learning: Understanding Our World (Links to Global Goal 4: Global Citizenship)

- "I have learnt many new places from around the world"
- "I learned that there is 2 parts in Hebron, Palestine H1 and H2"
- "I learnt that small people can make big changes"

We then made a wish list! If you would make a wish for the world, what would it be? Here is what we said! ✨

- World peace
- No poverty
- Unity
- That everyone would be happy and united
- no hunger
- I want the world to be happy and humans to stop pollution
- The end of climate change
- No more war
- The end of Global Warming
- Peace

## WISH LIST

# Our Wish List for a Better World

We all have wishes for the world. But how can our wishes become real change?  
Let's think like Global Goals problem solvers!

## Step 1: My Wish for the World

Write one wish you have for the world:

My wish...

(This could be: no hunger, clean oceans, equal rights, peace, education for all)

### Step 2: Think Deeper

What problem does your wish help solve?

Who would this help?

- Children
- Families
- Animals
- Nature
- Everyone

### Step 3: Connect the Goals

Helping one problem often helps others too!

My wish connects to these Global Goals:

**Goal 1:** \_\_\_\_\_

**Goal 2:** \_\_\_\_\_

(Example: Education helps poverty and equality)

### Step 4: The Ripple Effect

If your wish came true, what good things might happen next?

My wish

This would help: \_\_\_\_\_

Which would also help: \_\_\_\_\_

Which could lead to: \_\_\_\_\_

## Step 5: Make Your Wish Grow

Draw your wish like a growing plant

- Roots = the problem
- Stem = your wish
- Leaves = the good changes that happen

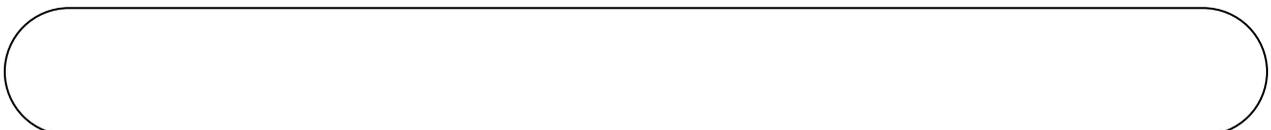

## Step 6: Small Actions, Big Change

What is one small thing you could do to help your wish come true?

I could...

## Big Thinking Question

Why is it easier to solve big problems when we work together?

# How would you educate Grown-Ups?

Danson asked "What do you think is the best way to tell the grown-ups about the importance of taking care of the Earth?". Here are your wonderful answers! Which one will you try?

# The Magic Phone

Danson asked us another really fun question! **If you had a magical phone that could call anyone in the world, who would you call and what would you talk about to make the world a better place?** See if you can find yours below!

Trump! Tell him to stop his nonsense

I will call the earth

Donald Trump to get him to stop

Greta

TRUMP!

Trump and tell him stop war

Greta Thunberg to get inspiration

I would call Trump

Elon Musk i would tell him to give money to homeless people

Trump get him to stop all the things he's doing

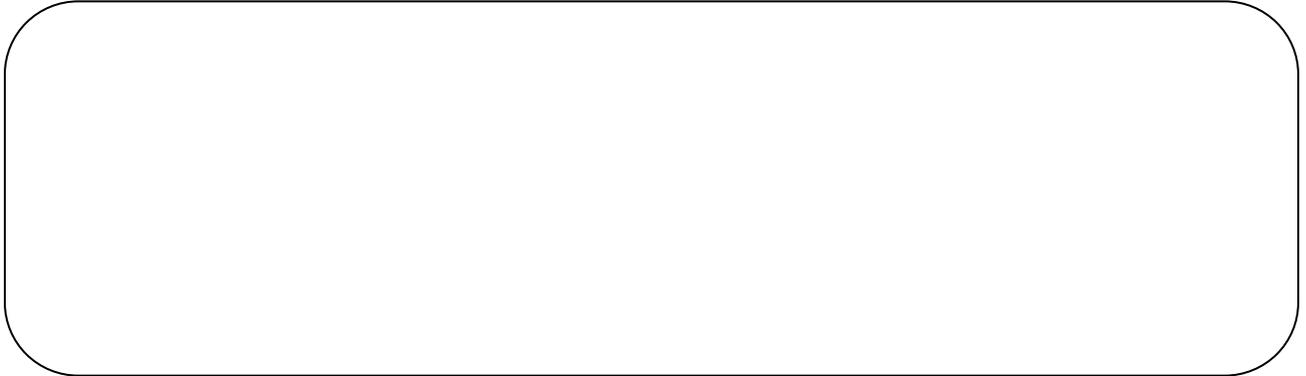

Trump to stop!

# Activity Sheet

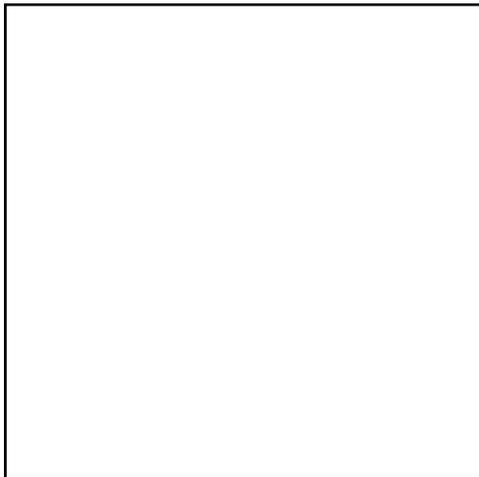

We hope that you enjoyed meeting students from across the world! Here is an opportunity to record what you have learned throughout the week.

**What was the most surprising thing you learned during Global Goals Week?**

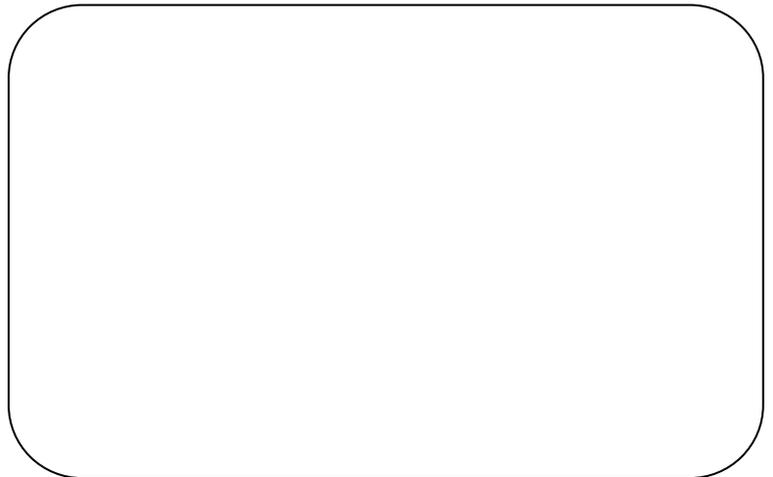

**Draw a picture of your favourite Global Goal and write a short poem explaining why it matters to you.**

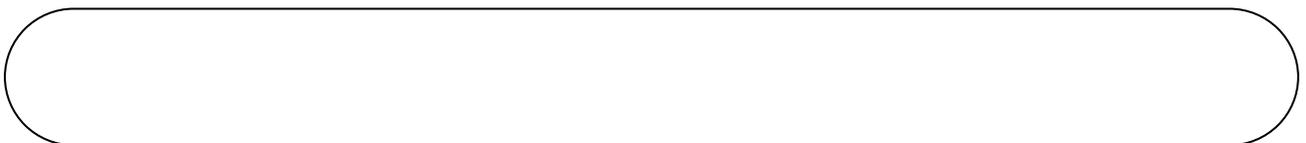

My favourite Goal is:

This is why it matters to me:

**Write down three ways you can help make your community more sustainable.**

# Activity Sheet

What message would you send to world leaders to inspire positive change?  
Design a poster or write a letter.

Dear....

Yours sincerely,

# And that's a wrap!

Thank you so much for all of your amazing work this week! We hope that you have learned a lot and we feel so lucky that we live in a world where there are young people working so hard to make our world a better place!

Finally, write down one idea that you had during Global Goals Week that you will do to help achieve the Global Goals.
