

BIO BEALTAINÉ

Let's take a deeper look at our species

MAMMAL

Mammals can be hard to spot and many are only found in some parts of the country so we want you to be on the lookout for any wild mammal! Foxes, hares, otter, bats, squirrels, badgers, hedgehogs, pine martens- what lives near you?

Since they are hard to find, we will be hosting a series of webinars to take a deeper look at our native mammals, Sign up [HERE](#)

Activities to try:

- Mammals are hard to find so try searching for their footprints, homes or even poo!
- Become a citizen scientist by recording what mammals you see in your local area <https://biodiversityireland.ie/monitoring/>
